

LANDIRENZO®
USA

Fueling American Energy Independence

As a **World Leader** in Alternative Fuel Systems, operating through both OEM and Aftermarket business channels, Landi Renzo has achieved a worldwide market share in excess of 30% with our Compressed Natural Gas (CNG) and Liquefied Petroleum Gas (LPG) systems.

Today, Landi Renzo USA offers one of the broadest **CARB & EPA** certified **Natural Gas Vehicle** product portfolios available on the market, with total turnkey solutions on a variety of NGV product platforms.

✓ **OEM Warranty Backed** - Ford maintains the warranty on the base vehicle. Any alternative fuel modifications are warranted by the QVM.

✓ **Ford Financing Eligible** - Ford Commercial Lending Services offer competitive Alternative Fuel Financing options, including:

- Commercial Retail Financing
- Commercial Lease Financing
- Municipal Financing
- Chassis Financing

Available Nationwide through the Landi Renzo Distribution Network

FORD E-450

DEDICATED

Cutaway
EPA & CARB Certified

Specifications

- 6.8L V-10 engine equipped with gaseous prep package
- Up to 40 GGE
- Custom configurations available

Ordering Made Easy...

1. Dealer and customer determine appropriate vehicle based on application, payload and range.
- ↓
2. Dealer places vehicle order, which is delivered to modifier via Ship-thru or Drop Ship Code.
- ↓
3. Modifier installs alternative fuel system.
- ↓
4. Vehicle is delivered to dealer and dealer delivers vehicle to customer.

✓ **Ship-Thru** - Many platforms are eligible for Ship-Thru, thereby, eliminating the need to transport vehicles across the country for conversion.

✓ **Nationwide Installation Network** - Do you stock gas prep trucks or have vehicles already on the ground? Contact us for a Landi Renzo authorized QVM installer in your area.
